Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Homer City Freight Rail Improvements for Fiscal Year 2025. The intended recipient is Indiana County located at 825 Philadelphia Street Indiana, PA 15701-3951. The funding will be used for the upgrade of existing rail and the installation of new rail connection points at the former Homer City Generating Station. This project is a valuable use of taxpayer funds because it will minimize the time loss of power for mail lines, lower the need for over-road transport, and minimize environmental impacts.

This project has a federal nexus because it is for the purposes authorized by section 22907 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Very respectfully,

Guy Reschenthaler
Member of Congress
