Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the 30" Transmission Main Replacement for Fiscal Year 2025. The entity to receive funding for this project is the Municipal Authority of Westmoreland County located at 124 Park and Pool Road, New Stanton, PA 15672.

The funding will replace a section of the main transmission line that is deteriorating. Specifically, the project will install approximately 5,280' of 30" ductile iron and PVC pipe. This project is a valuable use of taxpayer funds because the project will support deteriorating infrastructure, ensuring the main transmission line continues to provide clean, reliable drinking water to 225,000 people in the local community.

This project has a federal nexus because it is for the purposes authorized in section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Very respectfully,

Guy Resenthaler
Member of Congress
